

APPENDIX F

Group B

Interview Questions

1. What made you want to be a university professor?
2. What do you like best about your job?
3. What do you like best about teaching?
4. What do you like least about teaching?

Think of the one course you enjoy teaching the most:

5. How often have you taught this course?
6. Describe your typical class—a class on an average day.
7. Can you describe a typical assignment that you would give your students?
8. In what ways has your teaching changed since you started teaching this course on a regular basis? For example, do you do the same kinds of activities now as when you first began teaching the course?
9. What three adjectives would you chose to describe your teaching style?
10. What three adjectives would your students chose to describe your teaching style?
11. What is your philosophy of teaching?
12. Please talk about how you currently use technology in your teaching. What kinds of technology do you use and how do you use it?
13. What got you interested in using technology in your teaching?
14. What do you think are the benefits of using technology for instructional purposes?
15. What do you think are the drawbacks?
16. Why do you think other faculty are not interested in using technology for instruction?
17. Why did you sign up for the workshop this year? In other words, why did you not start working with technology earlier?
